THE TRADITIONAL TASTE:

Seagrams – Bombay Sapphire – Tankeray - MG . 5€
+ Schweppes tonic and citrics traditional style.

PREMIUM GINS AND THEIR PAIRINGS

THE LONDON N°1 + Fever Tree tonic + citrus touch . 8€

THE LONDON N°1's formula is different and special, as it includes spices and herbs from some of the remotest spots on Earth: juniper berries from the Dalmatian hills; Chinese cassia; Ceylon cinnamon, Italian orange and lemon rind, and iris root; savory and angelica root grown in the French Alps; Greek almonds; bergamot from Bergamo; coriander from Morocco; and Turkish licorice. The tonic is artisan, and made from natural ingredients.

MARTIN MILLER with mint, Aragonese black olive & Schweppes tonic . 7€

Known as the three thousand mile gin: the cereal distillate is sent with the botanicals to Iceland, where they are soaked in glacier water and filtered through volcanic rock. The botanicals used are juniper, orange, lemon, coriander, licorice, cinnamon, cassia, nutmeg, angelica, and Florentine iris root, carefully selected and blended.

HENDRICK´S marinated with grenade, a touch of Curaçau Blue & Fever Tree tonic . 8€

The botanical peculiarities in this gin make it unique. Flowers, roots, fruits, and seeds from all over the world are used to distil the gin, which is finally infused in rose petals and cucumber, acquiring its distinct and subtle characteristics. The tonic is artisan, and made from natural ingredients.

GINMARE spiced with cardamom, orange & Fentimans tonic . 8€

Herbal gin created in the Mediterranean. The botanicals used are the classic ones plus thyme, basil, rosemary and Arberquina olive, ostensibly Mediterranean products that lend this gin its special qualities. The tonic is slightly more carbonated, with ground quinine bark and Asian lemongrass, cane sugar, and purified water.

G'VINE FLORAISSON with white grape, pink pepper & Fentimans tonic . 8.50€

The velvet of gins, with floral and ripe fruit notes. It is distilled with grape flowers, after which the botanical products are added: juniper, orange, lime, coriander, licorice, green cardamom, cassia, nutmeg, and cubeb. The tonic is slightly more carbonated, with ground quinine bark and Asian lemongrass, cane sugar, and purified water.

CITADELLE with grated nutmeg, grapefruit rind & Fever Tree tonic . 8€

A sharp, fresh, smooth gin, with the following botanicals: juniper, lemon rind, orange, licorice, cinnamon, cassia, nutmeg, angelica, pine, anise, violet, almonds, coriander, cardamom, pepper, savory,

fennel, and iris root, with a slight lemony and spicy aroma. The tonic is artisan, and made from natural ingredients.

BULLDOG with cinnamon, orange & Schweppes tonic . 7€

BULLDOG with star anise, lime rind & Schweppes tonic . 7€

A dry, smooth gin, slightly sweet on the palate, and with a floral aroma. The botanicals used are juniper, lotus leaves, lemon rind, coriander, licorice, cassia, angelica, iris root, poppy seed, and dragon's eye (reportedly aphrodisiac and medicinal).

VODKA & TONIC

ABSOLUT – MOSCOSCAYA + tonic traditional style . 5€

GREY GOOSE marinated with pear & Fever Tree . 5€

This vodka comes from the most select fields in France, and is blended with pure spring water that has been filtered through the limestone of the Massif Central in Champagne. Every element used in its production guarantees that you'll get the world's best tasting vodka. The tonic is artisan, and made from natural ingredients.

GREY GOOSE LA POIRE with freeze-dried red berries & Fever Tree tonic . 9€

French vodka reflecting the taste and freshness of Anjou pears. It undergoes a double distillation with the subsequent addition of a rich mix of carefully selected fresh pears. It has a vibrant aroma of fresh fruit in which you can also distinguish the perfume of walnut, honeysuckle, and wild flowers. The tonic is artisan, and made from natural ingredients.

NORDES Galician potato vodka with orange rind & Schweppes tonic . 7€

This Galician vodka is made from potatoes, like the traditional Polish vodkas, although in this case it comes from the same soil the tuber was grown. Produced by triple distillation.
